

## *Why Properly Cleaning Your Mattress Is So Necessary – Sandpoint, ID*

*When was the last time you professionally cleaned your mattress? We clean our bedding regularly since we recognize that life happens on our mattresses. From blood, urine, and other fluids, our mattresses encounter it all.*

*Most people overlook the need for getting their mattresses cleaned. We use our mattress every night and depend on our mattresses to leave us rejuvenated, healthy, and feeling great for a whole new day. We invest hundreds, occasionally thousands, of dollars on our quest to buy the right mattress, however, many neglect its care.*

*Xtreme Carpet Cleaning uses products to sanitize as well as clean your mattress. These products thoroughly clean without leaving behind chemical deposit. Unsightly stains, smells, dust mites, and allergens are safely and effectively eliminated. Cleaning your mattresses will help to keep your house healthy and safe for you and your loved ones.*

*Your body sheds dead skin cells all night. Dust mites, which are present in the majority of homes, thrive on these types of dead skin cells. You can guess where this feeding frenzy happens - in your mattress obviously! Sadly, a by-product of this infinitesimal community is the mold and feces the dust mites bring and produce which causes serious sinus issues, headaches, and severe fatigue.*

*The best way to eliminate dust mites is to have a professional completely sanitize, clean and treat your mattress. Call Xtreme Carpet Cleaning so we can help you have an improved night's rest and extend the life of your mattress.*

*Consider cleaning your mattresses each time you have your carpets cleaned (ideally, every 6 to 12 months). Call today to schedule your cleaning appointment – 208-263-1866.*

*Xtreme Carpet Cleaning is committed to providing you the most effective cleaning in Sandpoint, ID*
